

Phew! Now that you are safe, let me tell you...

While Judea was under the ruling of the Greek Empire, kids had to hide in the woods in order to learn the Torah. If greeks soldiers were walking by, kids would start playing the dreidel to distract them.

Have the dreidel and the chocolate gelt close to you and play a round if the Greeks are close!

By playing dreidel during Chanukah we are reminded of the courage of those brave children.
